Liberia Airport to Santa Cruz

Driving directions

Liberia Airport to Villas Las Ventanas

It's going to be great to see you here. If you are arriving at night, please drive carefully, there are always pedestrians and cyclists on these dark narrow roads without lights or reflectors. Also common sense prevails, best to come straight out without stops. Rental cars loaded with luggage left unattended in parking lots tend to draw unnecessary attention. If you do stop to buy groceries please just have someone stay with the car.

Rental Car Agencies:

Please remember to do a close inspection of the car at pickup, note any scratches, dents, damage on the rental car contract and also check that tires are in good shape.

Directions: Rental car agencies will have maps and can start you in the right direction, **Remember** there are 2 Junquillal's, ours is located to the south with Santa Cruz being on the route. These directions start at the exit of the Liberia airport.

- -From the Liberia airport entrance HEAD WEST (turn right) on route 21 towards Santa Cruz (45km) you'll pass through Filadelfia and Belen.
- -Just before the bridge at Santa Cruz (well lit intersection) TURN RIGHT on route 160, there should be signs for Playa Junquillal.
- -Continue on that road for roughly 16 km, you'll cross over three one lane bridges (on approach to these bridges you'll have a yield sign, give way to oncoming traffic) just after the third bridge TURN LEFT, on that corner look for signs to Junquillal, Playa Negra, the hotel Iguanazul.
- -In about 500mts you'll TURN RIGHT, again there should be signs for Junquillal, Playa Negra
- -Carry on for about 16 km, you'll pass thru 3 small towns, LAS DELICIAS, RIO SECO and then PARAISO, in Paraiso you'll come to a "T" intersection, the soccer field will be on your right, at the T intersection TURN LEFT.
- -Carry on about 2.5 km, watch for the sign to the Hotel Iguanazul on your right, from that sign we're the second turn to the right. At that turn there is a small sign for Villas Las Ventanas on the right hand side, it has white and red reflective tape on it.
